

GRAIN DEALERS  
IN CONVENTION

The National Organization  
Meets in Annual Ses-  
sion in Peoria.

## A LARGE EXHIBIT

Secretary's Report Shows  
That Membership Has  
Doubled.

## MANY ARE PRESENT

(Special By Scripps-McLae.)

Peoria, Ill., October 1.—The seven-  
th annual convention of grain deal-  
ers is in session in this city today.  
This is the national organization of  
the order and representatives all  
over the United States are here for  
the convention.

**Grand Display**  
The grandest display of seeds and  
grains and also the largest display  
ever brought together in one exhibit  
is now being shown and great inter-  
est is being evinced over the wonder-  
ful results that have been obtained  
by the grain producers.

**Association Doubled**  
The report of the secretary shows  
that the numbers of members have  
doubled during the past year. The  
attendance has representatives from  
all the grain growing area of the  
United States and Canada.

CANNOT MAKE  
HIMSELF KNOWN

Patient in a New York Hospital Has  
Been Tried with Seventeen  
Different Languages.

(Special To The Gazette.)  
New York, Oct. 1.—Lieutenant Com-  
in Bellevue hospital who has thus  
far not said a word that nurses could  
understand since he was brought  
there ten days ago and on whom fif-  
teen interpreters have tried all the  
languages at their disposal to try and  
make him understand.

CHOLERA PANIC  
IN PHILIPPINES

Over Two Thousand Deaths in One  
Province Recorded Last  
Week.

(Special To The Gazette.)  
Manila Oct. 1.—It is announced that  
in the city there are 5,124 cases of  
cholera and 2,740 from that disease  
were reported from the province of  
Iloilo in the island of Panay, during  
the past week. This is the highest  
record of deaths thus far recorded.

HOARD ACCEPTS  
FOR WISCONSIN

The Ex-Governor Made a Neat Speech  
at the St. Louis Fair  
Grounds Yesterday.

(Special To The Gazette.)  
St. Louis, Oct. 1.—The ceremonies  
held in connection with the formal al-  
lotment of land for the Trans-Missis-  
sippi fair of next year was held yester-  
day at the fair grounds. Former Gov.  
ernor Hoard made the acceptance  
speech for the ground allotted to the  
state of Wisconsin.

STAGE COACH HELD UP  
IN NEW YORK STATE

Highwaymen Use Their Revolvers to  
Compel Driver to Stop, Then  
Rob Passengers.

Middletown, N. Y., Oct. 1.—Three  
masked horsemen held up and robbed  
the stage coach Pioneer, which makes  
daily trips between Warwick and  
Goshen. The coach was bowling along  
the road two miles from Florida. At  
a lonely spot on the road Clinton and  
Horatio S. Wisner, who own the  
coach, and were on the seat, saw the  
men on horses suddenly emerge from  
the dense woods watch line the high-  
way. Clinton was driving. The rob-  
bers ordered him to pull up his horses.  
He refused to do so and the high-  
waymen opened fire with revolvers.  
None of the shots took effect, but the  
shooting had the effect of compelling  
the whip to bring his horses to a stop.  
While two of the highwaymen covered  
the Wisner brothers with their re-  
volvers, the third compelled the pas-  
sengers to give up all their money  
and valuables.

**Nominated for Congress.**  
2d Connecticut.....G. N. Moore (D.)  
1st New York.....F. Storm (R.)  
1st North Carolina.....H. E. Hodges (R.)  
5th Ohio.....G. Russell (R.)  
1st Alabama.....E. H. Hubbard (R.)  
1st Alabama.....G. H. Wilkerson (negro R.)  
7th Massachusetts.....A. G. Bosson (D.)  
20th New York.....T. W. Bradley (R.)  
21st New York.....J. H. Ketcham (R.)  
22d New York.....W. H. Draper (R.)  
11th Kentucky.....P. Harrison (D.)

CONGRESSMAN IS  
DELAYING WORK

Mann, of Illinois, Wants to Keep Ar-  
chitect Pierce from Con-  
tracts.

Washington, D. C., Oct. 1.—(Spec-  
ial.)—Representative Mann of Chicago  
took no action yesterday owing to  
the absence of Secretary Shaw, who  
is now in New York, to advance his  
protest against the contract for the  
interior finish of the Chicago postoffice  
building being awarded Mr. Pierce  
at this time. Mr. Mann hopes to see  
the Secretary of the Treasury before  
he starts for home today. Yester-  
day he had a long conference with  
Robert B. Armstrong, private secre-  
tary to Mr. Shaw, and explained fully  
his position. In the event Secretary  
Shaw does not reach Washington be-  
fore Mr. Mann starts home Mr.  
Armstrong will explain his objec-  
tions.

**Must He Pay**  
Mr. Mann is working to prevent  
Contractor Pierce receiving the con-  
tract for the interior finish until he  
has closed his contract for the exter-  
ior work and it has developed whether  
he is required to pay the penalty pro-  
scribed for delay. If he is a special  
favorite and is not required to meet  
his obligations to the government Mr.  
Mann proposes to impose every pos-  
sible obstacle in his path and prevent  
him, if possible, from obtaining an-  
other government contract at Chic-  
ago.

## SPARKS FROM THE WIRES.

Milk has been advanced one half a  
cent in New York at wholesale.  
Rear Admiral Silas Casey aboard the  
battleship Wisconsin has arrived  
at Panama.

Mayor Jones of Toledo says that he  
will endeavor to stop the coal strike  
in Pennsylvania.

President Haer denies that there  
will be a great scarcity of coal during  
the coming winter.

A London, Eng., borough has re-  
fused an offer from Carnegie of \$150,-  
000 for a library.

Massachusetts republicans have pe-  
titioned Pres. Roosevelt to act on the  
coal strike question.

Marybone district in London de-  
clined the offer of Andrew Carnegie for  
\$150,000 for free libraries.

President Roosevelt was entertain-  
ed yesterday by his two daughters  
in place of the regular nurses.

The Pope has sent a letter to the  
Philippine pastors asking them to aid  
in restoring order if possible.

An autopsy on the remains of Emile  
Zola show that he died of coal gas  
and the suicide theory is rejected.

Michigan druggists at South Haven,  
have been arrested and will be  
prosecuted for violation of the liquor  
laws.

A strike of 1,000 glass bevellers in  
New York has been ordered to en-  
force the demands made for a nine-  
hour day.

A signal corps station has been de-  
cided upon to be located sixty miles  
from Washington on the Blue Ridge  
mountains.

The conditions which surround the  
landing of immigrants at Ellis Island,  
New York harbor, have been severely  
criticized.

Oleomargarine manufacturers will  
be required to furnish samples of  
their product to the commissioner of  
internal revenue.

Santos-Dumont and Stevens air-  
ships made successful voyages at Co-  
ney Island in the presence of a large  
crowd on the grounds.

Receivers were appointed in Tren-  
ton, N. J., for the National Salt com-  
pany, known as the salt trust, which  
is said to have a deficit of almost  
\$300,000.

Tests of airships in New York  
have proved eminently satisfactory  
and several contracts for vessels of  
this kind have been recorded by the  
inventors.

Rear Admiral Casey, aboard his  
flagship has arrived at Panama after  
an extraordinary run. He will as-  
sume general command of the forces  
on the peninsula.

After efforts with fifteen different  
languages to open conversation with  
a man who was recently taken to a  
New York hospital, the doctors decid-  
ed that he was insane.

President Roosevelt contemplated  
sending a letter to the operators and  
men in the anthracite district, ask-  
ing them to settle the strike, basing  
his appeal upon the rights of the people.

After adopting resolutions opposing  
the Fowler bill, the Illinois bankers'  
convention at Peoria, adjourned, ob-  
jecting officers for the next year and  
fixing on Rock Island as the next  
meeting place.

On Monday there were 5,124 cases  
of cholera on the island of Panay, P. I.,  
in one province, and 2,740 deaths  
from that disease. This is the high-  
est record for any district since the  
outbreak of the disease.

## CHANGE IN DAY FOR REUNION

Grand Army Committee Calls Fifth  
Corps Together Oct. 7.

Washington, Oct. 1.—The time for  
the reunion of the Fifth Army corps  
in connection with the Grand Army  
encampment, to be held in this city,  
has been changed by the programme  
committee from the night of Oct. 8 to  
the forenoon of Oct. 7. The change  
has caused some dissatisfaction  
among members of the corps. The  
original assignment for Oct. 8 was  
made on a misreading of an applica-  
tion for that date which was filed by  
the Sixth Army corps, the word sixth  
being read for fifth. The Sixth corps  
will hold its meeting in the Sheridan  
tent Oct. 5.

\$557 in cash and some jewelry were  
taken from the residence of Fred  
Kluwin of Oshkosh.

PRESIDENT ROOSEVELT WILL END  
COAL STRIKE, IF HE IS ABLE

Cabinet Meeting Held This Morning to Discuss the  
Question, and Measures That Can Be Taken  
by the Administration, to End the An-  
thracite Troubles in Pennsylvania.

(Special By Scripps-McLae.)

Washington, D. C., October 1.—At  
a special meeting of the president's  
cabinet held this morning on purpose  
to further the measures talked of  
for the settlement of the coal strike,  
Secretaries Root, Knox, Moody and  
Payne were present. The meeting  
was especially called to consider  
what means were either best to be  
taken to end the anthracite strike  
by special intervention of the pres-  
ident or by administration.

**Will Go To The Limit**

The recent shortage and continued  
high prices of coal have aroused  
the president and he has stated that  
he will go to the limit of his author-  
ity in an effort to avoid the threaten-  
ed coal famine throughout the coun-  
try. Washington for the first time  
is feeling the effects of the coal  
shortage and unless some means is  
obtained very shortly there will be a  
stop in the issuing of postage stamps.  
It is also a known fact that there  
is little or no coal to run the depart-  
ment buildings and that they will  
have to shut down most of the work-  
ings of the government unless an-  
other supply is obtained within a  
short time.

**New York Rumors**

New York, October 1.—The rumors  
of a settlement in the coal strike  
are rife here today and many are  
prone to believe that an end will  
be made before the end of the pres-  
ent week. The frequent conferences  
in New York and the meeting of the  
cabinet in Washington this morning  
and President Mitchell's conference  
in Philadelphia all give color to the  
reports. Men who claim to be on  
the inside of the whole affair claim  
that so much pressure will be brought  
to bear that it will be necessary to  
end the struggle this week.

**Pressure on Operators**

It is generally conceded that great  
pressure is being brought to bear  
upon the operators and that they are  
weakening from their strong stand  
they have taken. It is also under-  
stood that pressure is being brought  
upon President Mitchell. Stories of  
Mitchell's stepping down and Baer's  
resignation are however denied by  
both those officials and their friends.

**Asks For Conference**

President Roosevelt this morning  
sent telegrams to the coal operators  
and also to John Mitchell represent-  
ing miners, asking that they meet  
him on Friday morning for the pur-  
pose of consultation as to a settle-  
ment of the whole trouble.

**A COAL DEALER**

**TRIES SUICIDE**

As a Result of Financial Difficulty,  
He Attempts to Shoot Him-  
self While Despondent.

New York, October 1.—(Special.)—  
In financial difficulty as a result of the  
coal strike, Henry C. Scheel, a coal  
merchant of this city, tried to kill him-  
self yesterday by shooting. The doc-  
tors say that there is but little hope  
for him. Mr. Scheel is 45 years of  
age. He lives with his wife and  
three children in a handsome resi-  
dence and generally was thought to be  
prosperous. A relative of Mr.  
Scheel said that he had a large sum  
of money—about \$200,000—tied up in  
litigation and that his business was  
his source of revenue. The distur-  
bance in the coal market had affected  
his business seriously, causing him to  
become despondent.

**ROBBERS LOOT A  
PRIVATE BANK**

Chief Hogan Received Word that the  
Middleton Bank Was Robbed—  
Last Night of \$2,000.

Chief Hogan received a telephone  
message at five o'clock this morning  
from Sheriff Burmeister of Madison  
to look out for suspicious characters  
that might strike Janesville as a pri-  
vate bank at Middleton was broken  
into last night and robbed. The  
thieves blew open the safe in the in-  
stitution and secured about two thou-  
sand dollars in money besides watches  
and a number of valuable papers.

**A Clean Haul**  
The thieves made a clean sweep  
and succeeded in getting away with  
their plunder. The noise made by  
them in blowing the safe aroused the  
people living in the vicinity of the  
bank and an investigation revealed  
the robbery a short time after the  
thieves had left.

**On The Watch**  
Chief Hogan made the early trains  
coming from Madison and Middleton  
and made a trip through the yards,  
but found no one. The thieves did  
a good job and worked fast and no  
doubt were experts in their line of  
business.

**L. T. DURAND TO LEAD  
MICHIGAN DEMOCRATS**

Brother of Former Nominee Is Se-  
lected by the State Central  
Committee.

Detroit, Mich., Oct. 1.—After a long  
discussion the Democratic state cen-  
tral committee selected L. T. Durand  
of Saginaw as the party's candidate  
for governor. The new nomination  
was made necessary by the withdrawal  
of Judge George H. Durand of  
Flint, a brother of the nominee. The  
fight lay between the gold Democrats,  
who favored L. T. Durand, and the  
silver leaders, who wanted to nomi-  
nate State Senator J. W. Helme of  
Adrian, Charles R. Sligh of Grand  
Rapids, or some other Democrat who  
had come out as a silver man in 1896.  
As Helme had declared that he would  
not accept a nomination at the hands  
of the committee, his name was not  
presented. On the second ballot, the  
committee stood 14 for Durand and 10  
for Sligh, the nomination of Durand  
being immediately thereafter made un-  
animous.

**Operate on DuSedess.**

New York, Oct. 1.—News has been  
received here by friends of the  
Duchess De Valencay, formerly Miss  
Helen Morton, a daughter of Mr. and  
Mrs. Levi P. Morton, that she was op-  
erated on for appendicitis at her home  
in Paris, but that she is now out of  
danger and is doing well.

**Both Sides Are  
ON THE WATCH**

Aldermen and Railway Company Are  
Waiting for the Other to  
Make a Move.

So far today there is no change  
in the trouble between the St. Paul  
road and the city about the track  
on Race street. The police have or-  
ders to arrest anyone attempting to  
interfere with the track or removing  
the dirt thrown on it by the street  
commissioner.

**Aldermen Excited**  
The aldermen are much stirred up  
over this last move on the part of  
the company trying to take posses-  
sion of the streets without authority  
and will not allow it. Alderman  
Lowell says he will fight the company  
to the last ditch on this proposition.  
He did not object to their crossing  
High street, but he does object to  
their taking any of Race street as  
that is the only street they have left  
to get from Jackson onto High by,  
without going two or three blocks  
out of the way.

**Brought Before Council**  
The matter will be brought up be-  
fore the council tonight and he is in  
favor of having City Attorney Burpee  
fight it to the end.

ROBBERS LOOT BANK,  
GETTING \$2,000 CASH

Vaults of Institution at Mineral, Bu-  
reau County, Ill., Blown Open  
With Dynamite.

Kewanee, Ill., Oct. 1.—Bank robbers  
secured \$2,000 in cash from the Bank  
of Mineral, a small town fifteen miles  
northeast of here, in Bureau county,  
and made their escape. The robbers  
broke the glass of the front door to  
secure entrance. The vaults were  
blown open by the use of dynamite.  
Residents of the village heard the ex-  
plosion, but were not alarmed. The  
money taken was in bills, with the ex-  
ception of about \$200. After securing  
the booty the robbers broke open a  
shed in the railroad yards and, taking  
a handcar, went to Sheffield, eight  
miles away. There they apparently  
divided the money, as pieces of paper  
from the bank were found. The bank  
is a private one, being owned by E. J.  
Ely & Co. Detectives are now on the  
track of the robbers, and the country  
for miles around is assisting in the  
hunt.

**Campfire Legends.**

One of the legends connected with  
the Campfire is that Napoleon I. rode  
on horseback to the very top; but  
whether this is true or not, it is quite  
sure that a young officer, Count Wimp-  
fen, went up 100 feet, also on horse-  
back, while Venice was under Austrian  
dominion.

**Left an Estate of \$275,000.**

New York, Oct. 1.—Surrogate Fitz-  
gerald, on the application of Mrs.  
Clemence S. B. Fish, widow of Nich-  
olas Fish, who died recently, has  
granted to the applicant letters of ad-  
ministration on the estate of her hus-  
band. Mrs. Fish declared in her pe-  
tition that her husband left an estate  
of about \$275,000 in personal property.

**Rich Indianan Is Robbed, Drugged and  
Killed Near Home.**

La Grange, Ind., Oct. 1.—Alexander  
Lathrop, a wealthy citizen of Liber-  
ty, Ind., was killed by a fast express,  
Lathrop, with a large amount of  
money, left his home to take the train  
for Chicago and was not seen until  
last evening, when the body was found  
on the railroad track. All his pockets  
were empty. It is believed he was  
drugged and robbed and then, while  
unconscious, placed on the track.

**Given a Tin Wedding**

Mr. and Mrs. E. T. Fish Forced To  
Celebrate Anniversary  
Friends of Mr. and Mrs. E. T. Fish,  
chancing to discover that Monday  
was the tenth anniversary of their  
wedding day, determined that the oc-  
casion must be celebrated in an appro-  
priate manner. The latch string at  
the Fish home on Ravine street al-  
ways hangs out so the crowd of mer-  
ry makers felt perfectly free to pay  
them a visit without an invitation.

The surprise perpetrated was a  
complete one and the jolliest kind of  
a time continued until the early hours  
of the morning. The guests were  
well laden with appetizing eatables  
and a rare collection of tinware. The  
eatables were disposed of with relish  
but the utensils of tin were left as  
souvenirs of the occasion.

**Scotland's Record Salmon.**

Scotland's record salmon of the sea-  
son has been landed from the Tay. It  
weighed sixty pounds and measured  
four feet seven inches, its girth being  
twenty-four inches.

STAGE COACH HELD  
UP IN NEW YORK

Rural Route in Empire State, the  
Scene of a Genuius  
Hold-Up.

New York, Oct. 1.—(Special.)—  
Clinton W. Wisner's coach, "The Pio-  
neer," was held up near Goshen by  
three masked and mounted robbers at  
six o'clock last night and Mr. Wisner  
and five women who were with him  
in the coach were relieved of their  
valuables. The women were Mrs.  
Frederick Webster, Mrs. J. A. Cham-  
berlain, Mrs. Wilson Hart, Mrs. Haw-  
ley Webster, and Mrs. James Fuller.

When at a point called Woodruffs  
the three men, their faces hidden by  
masks, dashed up to the coach, and,  
firing a fusillade from their revolvers  
demanded the money and valuables  
of the passengers. Two of the rob-  
bers mounted guard beside the horses  
and the third climbed to the top of  
the coach, where he made the occu-  
pants hand over their rings and valu-  
ables. He also took all of Mr. Wis-  
ner's money.

**Hit No One**

After the robbery the highwaymen  
remounted and fired several more  
shots from their revolvers, taking  
care, however, not to hit any one.  
Then driving the spurs into the flanks  
of their horses, they disappeared. The  
women have not yet recovered from  
their fright, and it is not known how  
much they lost.

**STATE NOTES**

A. A. Piffner, a well-known drug-  
gist and life-long resident of La-  
Crosse, died Tuesday.

Fred Skundberg, the three year-old  
son of a prominent farmer of New  
Richmond, was accidentally shot and  
killed by a gun in the hands of an  
older brother.

Nine thousand tons of coal at the  
Jones & Adams dock, Ashland, were  
split into the bay by the giving away  
of the structure. Thousands of dol-  
lars' loss resulted.

Sculptor Paul Kupper of Milwaukee  
accidentally lost a set of ivory plas-  
ter retouching instruments brought  
from Germany and which were  
greatly prized by him.

A Waukesha couple who have been  
married over forty years have brought  
a sensational suit for divorce. They  
are Augusta Melike of New Berlin  
and her husband Albert.

Heavy and protracted frosts near  
New Richmond have not simply put  
a stop to fall work, but have caused  
much loss to the farmers by ruining  
corn fodder.

Gustav Torn, of Milwaukee, who  
was ejected from a street car, on  
Sunday night, died, it is alleged as  
the result of the blow administered him  
by the motorman.

Mrs. David Ewer, Jr., of Barron, fell  
into a water works ditch which had  
been left open, and sustained serious  
injuries; the city will probably be  
sued for damages.

A number of the attractions of  
Hall's circus have been used to in-  
crease interest in the Dodge county  
fair which has been held at Beaver  
Dam this week.

John Tesch, once a prominent cloth-  
ing merchant of Clinton, committed  
suicide by jumping into the Manitow-  
ish river. He had often threatened  
to take his life.

While lighting the lamps in the  
cupola of a freight train caboose,  
standing in the yards at Milwaukee,  
James McLean was thrown to the  
floor, sustaining serious injuries.

The examination of Mary Thomas  
and Alice Cassidy at Washburn,  
charged with the murder of Mike Mil-  
ler at Nash last week, was continued  
in the municipal court for one week.

Charles Vroman and Charles Sjo-  
quist were bound over at Menominee  
to await the fall session of the circuit  
court to answer to a conspiracy  
charge of defrauding lumber dealers.

Authorities at Carroll college, Wau-  
kesha, have come out strongly pro-  
hibiting smoking among the students  
of the institution. Several have  
been expelled for violation of the  
rule.

Milwaukee associated charities  
have found great difficulty in meet-  
ing the situation among the poor who  
are without coal. The association  
has not sufficient funds to meet the  
demands.

Miss Alice Hawkins, who has been  
prominent in the Y. W. C. A. work of  
Milwaukee has gone to Aurora, Ill.,  
to take up a position as assistant phy-  
sical director of the Y. W. C. A. of  
that city.

Joseph Dard, a colored resident of  
Bay View, went home drunk and at-  
tempted to set fire to his house, after  
pouring oil on the wood. A small  
blaze was started, but was extinguis-  
hed by the fire department.

**THROWN UNDER WHEELS OF CAR**

Rich Indianan Is Robbed, Drugged and  
Killed Near Home.

La Grange, Ind., Oct. 1.—Alexander  
Lathrop, a wealthy citizen of Liber-  
ty, Ind., was killed by a fast express,  
Lathrop, with a large amount of  
money, left his home to take the train  
for Chicago and was not seen until  
last evening, when the body was found  
on the railroad track. All his pockets  
were empty. It is believed he was  
drugged and robbed and then, while  
unconscious, placed on the track.

**Left an Estate of \$275,000.**

New York, Oct. 1.—Surrogate Fitz-  
gerald, on the application of Mrs.  
Clemence S. B. Fish, widow of Nich-  
olas Fish, who died recently, has  
granted to the applicant letters of ad-  
ministration on the estate of her hus-  
band. Mrs. Fish declared in her pe-  
tition that her husband left an estate  
of about \$275,000 in personal property.

**Given a Tin Wedding**

Mr. and Mrs. E. T. Fish Forced To  
Celebrate Anniversary  
Friends of Mr. and Mrs. E. T. Fish,  
chancing to discover that Monday  
was the tenth anniversary of their  
wedding day, determined that the oc-  
casion must be celebrated in an appro-  
priate manner. The latch string at  
the Fish home on Ravine street al-  
ways hangs out so the crowd of mer-  
ry makers felt perfectly free to pay  
them a visit without an invitation.

**Scotland's Record Salmon.**

Scotland's record salmon of the sea-  
son has been landed from the Tay. It  
weighed sixty pounds and measured  
four feet seven inches, its girth being  
twenty-four inches.

SANTA FE ROAD  
HAS BAD WRECK

Terrific Head-On Collision  
Between Two Trains  
in Texas

## NEAR GAINSVILLE

Accident Occurred at Night,  
and One Engine Is  
Telescoped.

## MANY LIVES ARE LOST

(Special By Scripps-McLae.)

Ft. Worth, Texas, Oct. 1.—Word  
has been brought into the city of a  
bad head-on collision between two  
Santa Fe trains near Gainsville last  
night. Both trains were running  
at a high rate of speed and came to-  
gether with terrific compact complete-  
ly telescoping one of the engines.

**Many Are Dead**  
Fireman W. C. Lyth of the west  
bound train was instantly killed and  
both the engineers were hurt, prob-  
ably fatally. Many others were more  
or less injured and several trainmen  
are reported to be dead in the wreck.

**Terrible Scene**  
The accident occurred in the dead  
of night and being in a remote por-  
tion of the road details are hard to  
obtain. It is reported that the wreck-  
age caught fire and many trainmen  
were killed.

**TITLED DEBTORS  
MUST SETTLE**

Count and Countess Boni de Castel-  
lanes Are Forced To Pay  
Their Debts.

(Special To The Gazette.)  
New York, Oct. 1.—Creditors of the  
Count and Countess Boni de Castel-  
lanes have at last tried to secure a  
settlement of their debts in court.  
It is agreed that one claim held by  
Wertheimer, amounting to \$400,000 be  
paid in full on the basis of \$3,000 a  
month.

NAVAL OFFICER  
COMMITTS SUICIDE

Blows His Brains Out with a Big  
Naval Revolver, while De-  
mented.

(Special To The Gazette.)  
New York, Oct. 1.—Lieutenant Com-  
mander William Brough, executive  
officer of the battleship Kearsage,  
committed suicide this morning by  
blowing his brains out with a large  
navy revolver. No cause is assigned  
for the deed. The officer leaves a  
widow and one daughter.

**WILL ACCEPT A  
SUM OF MONEY**

Harry Stratton,

## HAS NOVEL TRIP UP MOUNT LOWE

FLOYD RIDER WRITES HOME OF  
HIS EXPERIENCES.

### ENJOYS LIFE IN CALIFORNIA

Gives a Description of Unique Climb  
Up Famous Mountain Near  
Pasadena.

Floyd A. Rider, of this city, who has recently gone to California, writes from Pasadena to his brother, Lewis L. Rider, of this city describing a trip to the top of Mount Lowe, which he made in company with his cousin and a party of friends from Los Angeles. He says:

**A Novel Climb**  
"We took the ten o'clock electric car to Altadena and from there another car to Rubio Canyon and then boarded the car that goes up the cable road to Echo Mountain. This cable ride is the most exciting part of the trip. The road goes up at an angle of sixty degrees, one car goes up and passing another coming down half way up the incline.

**On to the Top**  
"When we arrived at the top of the incline, we boarded another electric car which took us to Alpine Tavern, 5000 feet above the sea level. Here the three ladies of the party served dinner on a table under the trees and we had a great appetite. After dinner we procured horses for the ladies and proceeded up the trail to Mount Lowe, 6100 feet altitude, which we reached in about forty-five minutes.

**A Grand View**  
"We had a grand view from there and although it was a little hazy we could see the ocean thirty miles away, and two ships, and on the other side we saw Nevada, Arizona and New Mexico. Oceanward we could also see Catalina Island, a pleasure resort thirty-five miles from the coast, looking like a mountain rising out of the sea. We had a camera and took eighteen views on the trip. I will send you some when I get them developed.

**Luncheon Again**  
"We stayed up there about half an hour and then returned to where we ate dinner and after another lunch (you get awful hungry climbing mountains) we took the car back to Echo Mountain. Here there is an observatory and when the stars came out we each took turns looking first at Jupiter, the evening star which looked like a round moon with stripes across it and the two satellites; and then we saw Saturn with its rings which showed up very plain.

**So Lighted Cities**  
"We then watched the search light play. We could see houses in Pasadena six miles away and could also see Los Angeles and Pasadena all illuminated by electric lights. It was a pretty sight. A cannon was fired on Echo Mountain and we heard the echo rumbling from peak to peak like thunder. It was great, I tell you. We then started back down the incline and reached home at 10 o'clock, good and tired but much pleased with our trip."

## CANNING FACTORY VERY SUCCESSFUL

Hohenadel Plant in Spring Brook Has  
Done a Large Business This  
Year.

Nothing but the most glowing terms could describe the success which has attended the P. Hohenadel, Jr., canning factory this summer. From the time that the first pickles were brought in each department, as it was opened, has been worked nearly to its capacity. There is every prospect that the rush will continue for some time to come, although it is expected that the corn department will close in the course of the next two weeks.

**300 Hands**  
In the height of the season 300 hands have been employed in the factory and on the Hughes and Fisher farms. Probably eighty would express the average number who have been employed since the plant began operations about six weeks ago.

**Increase Force**  
As soon as the pickles are cured about twenty sorters will probably be added to the present force. During the season from twelve to fifteen teams have been employed by Mr. Hohenadel. Each team has required about three pickers and cutters of corn and cabbage, and there have been at times in the season, sixty cucumber gatherers on the two farms. Besides these several farmers have been employing from two to five teams to haul their product.

**Large Output**  
In some cases the daily output has been enormous. On one day, it is stated, two cars of 750 cases each and one car of 100 cases were shipped. The daily shipment of fruit, it is said, often went as high as five carloads a day, each carload amounting to 160 barrels.

## FIRST FOOTBALL GAME TODAY

High School Juniors and Sophomores Play at Athletic Park  
This Afternoon.

The Sophomore and Junior football teams of the Janesville High school met at Athletic park at 4:30 o'clock this afternoon and played the first game of the series for the Denison medal. Walter Carls captured the Sophomores and Arthur Farley lead the Juniors. The line-up of the two teams was:

**SOPHOMORES.** Position. JUNIORS.  
Hatchinson..... Full back..... Milmore  
Hennott..... Left half back..... Galbraith  
Fisherty..... Right half back..... Locke  
Galbraith..... Quarter back..... Farley  
Kent..... Right end..... Yates  
Shoof..... Right tackle..... Lewis  
Caldow..... Right guard..... Drager  
Fisher..... Center..... Johnson  
Carpenter..... Left tackle..... Bullock  
Hendland..... Left end..... Green  
R. Zinsinger, substitute.

E. BURTON HOLMES

Traveler, Lecturer and Author Who  
May Lecture Here Oct. 29 or 30

Fifteen years of travel in all parts of the globe and ten years of lecturing in the larger cities of our country has made E. Burton Holmes, the young Chicagoan, the most popular of all lecturers, who has ever graced the American platform. Efforts are being made to secure Mr. Holmes during the last of October to deliver one of his famous travel lectures in Janesville and should these efforts be successful there is no doubt but that

BURTON HOLMES

it would be enjoyed as a rare treat. Mr. Holmes lectured to over 40,000 people last year and thousands were turned away. This eclipses all other records ever made upon the lecture platform. His lectures are profusely illustrated with both colored and motion pictures gathered from the various countries he has visited, which are the finest ever flashed on a canvas. It is to be hoped the people in Janesville will do all in their power to procure for the city an attraction as valuable as this.

**The Tide of Life.**  
Up-to-date plays must not be all serious, if they are to find popular favor. That is why the author of "The Tide of Life" the realistic drama to be presented at the Myers Grand this evening such a lot of comedy in it. Manager Edward Weitzel has had long experience in providing entertainment for the American public, and he knows his patrons well enough to not offer them all solid fare. He knows that they demand some bubbling, effervescent, keen humor, with a spice of novelty in it, and enlivened with singing and dancing, in addition to the powerful dramatic plot. So those who love fun, as well as a plot palpitating with heart interest, will find both in "The Tide of Life." The scene in the "Hotel de Bum" is said to be, roaring funny. The jolly knights of the road, who are not afraid of anything except work, give full swing to their fancies, and theater rings with merriment throughout the scene.

Among those who contribute original specialties is the dainty little sourette, Gypsy May Ward, in her characteristic songs and dances. There seems to be something to suit every taste in "The Tide of Life."

**Denver Express.**  
On Friday the Denver Express will be at the Myers Grand. In presenting this play Holden Bros. have outdone all former efforts. The play is a strong melodrama depicting life among the snow-capped hills of Colorado. The first act showing the rougher side of the mountain life, while the balance of the play takes you to the elegant mansions of Gilson Payne where the finest of Colorado society congregates. The dramatic interest is strong and the comedy element is so nicely blended that the audience is quickly taken from shadow to sunshine in a most pleasing way. Numerous pleasing specialties are introduced during the action of the play. The scenery, all specially painted for the production, is rich and handsome.

## COAL THIEVES ARE AT WORK

Dealers Identify Missing Coal by  
Clay Found in the Bins—No  
Prosecution.

Coal dealers have begun to board up their coal bins to keep out shivering citizens who have not the price to purchase the precious anthracite. Nevertheless frauds have occurred, one of them from a bin which was very carefully secured. For various reasons alleged the guilty party was not prosecuted, but little doubt is felt concerning the guilt.

**Covered With Clay**  
Not long ago an order was sent

in to these dealers for some wood. The order was complied with immediately and the wood was taken to the address indicated. On arriving there the men on the wagon immediately recognized some coal as having been taken from their bins. It seems that one rainy day last week some coal was spilled in the wet city out side the bin, and it was thought best to wait for drier weather before picking it up. Before a dry day had arrived the coal had taken wings and disappeared. The coal which was found at the customer's house was covered with dry clay of the same

BURTON HOLMES

color of that outside the coal bin in the yards.

## SLOW WORK IN JUSTICE COURTS

Rainy Weather of Yesterday Made It  
Dull Day for Transaction  
of Business.

Janesville justices of the peace shared the universal relaxation of a rainy week yesterday. The only case docketed was that of E. D. Roberts against W. H. Campbell filed in Jesse Earle's court. The attorneys appeared and announced that a settlement had been reached out of court between the parties concerned.

**Another Case**  
Yesterday afternoon the case of Otto Hell against Christopher Priem was called for trial in Jesse Earle's court. S. D. Tallman appeared for the plaintiff and Wilson Lane for the defendant. The plaintiff sued for \$70, which he alleged was due him for labor and \$16 for the use of his horse by the defendant, making a total of \$86, not including the interest on the money and the costs of the action. After hearing the evidence the case was ordered continued until October 2 for a decision.

## AMATEUR TEAMS PLAYED TODAY

Clintons and Milwaukee Sentinels  
Both Have Excellent Records for the Season.

Two base ball teams, whose claims to the state championship are about equally well grounded, crossed bats today at Clinton. The Milwaukee Sentinels and the Clinton Maroons, each with a long, almost unbroken series of victories behind them, will meet to fight a battle such as probably has never been played before this season. The teams have already met twice, and each has pulled out one victorious afternoon, and money has been freely put up on the favorites.

**Two Star Records**  
Clinton has played over twenty games this season, and out of that number has lost only one. The victor in that case was the aggregation against whom the Maroons are pitted today. And a victory against the Brewers' team has been scored to balance the defeat. The Sentinels have an almost equally fine record, and are out for blood. Clinton has gone base ball crazy over the game scheduled for today, and nothing is too much to put up in support of the home team. If the Clintontes win out they will challenge New London, the team that has strongly asserted its possession of the championship honors of Wisconsin.

**A Danish Souvenir.**  
E. J. Schmidley has received a Danish souvenir postal card from Arthur Anderson of this city, who is now touring Europe. On the card was a cut of the Shorwaldsen Museum and these words:  
"Copenhagen, September 14, 1902—Struck here Friday night and will leave later on this week for Berlin. Having a fine time. Have met some nice Americans here. "A. E. A."

## SONG AND STORY BY CANDLE-LIGHT

UNIQUE SOCIAL AT COURT ST.  
M. E. CHURCH.

GIVEN BY EPWORTH LEAGUE

Rows of Tallow Candles Illuminate  
the Room Where the Gather-  
ing is Held.

By the subdued light of tallow candles, members and friends of the Epworth League of the Court street M. E. church enjoyed an unusually pleasant evening in the church parlors last night. The occasion was a candle-light social given by the League and it was quite largely attended.

No other lights except candles were used but there were a large number of the little golden jets and they made a very pretty light for the room which was handsomely decorated with branches of brilliant colored foliage. The tables at which refreshments were served, late in the evening, were placed around one of the pillars in the room and streamers of red, white and blue bunting were looped from the top of the pillar to the legs of the tables, making a tent like canopy, which was very pretty.

**An Informal Evening**  
Informality was one of the features of the social, even the program being given informally. Miss Myrtle Dewey had charge of the program and instead of the numbers following each other in quick succession they were scattered through the evening with short social sessions intervening.

**Good Music**  
During the early part of the evening the Court Street church orchestra played several selections in a very pleasing style, the numbers being heartily appreciated by the audience. Mrs. Fanny Clark sang "Love's Old Sweet Song," very sweetly, the selection being especially appropriate in the dim light. Mrs. Clark was given an enthusiastic encore but declined to respond. Her accompaniment was played by Miss Leona B. Stevens.

**An Amusing Story**  
H. F. Bliss was called on for a story and he gave an original one full of amusing bits concerning the scarcity of young men in the League and urging the young ladies to go out into the other churches and do a little missionary work for the benefit of the home society. Miss Pearl Peters also contributed to the pleasure of the evening by reciting very prettily, "The Children's Hour."

Light refreshments, consisting of cocoa and sandwiches, were served by a committee of young ladies from the League and the remainder of the evening was devoted to games of various kinds.

**Horse Becomes Tired**  
Out in Monterey Monday afternoon the off horse of a team which was crossing the bridge was so strongly afflicted with that "tired feeling" that it lay down and refused to go further. A crowd soon gathered to see the fun and for nearly ten minutes they had the pleasure of seeing and hearing the irate driver employ every method from threats to entreaty in the vain hope of inducing the weary animal to take up its share of the work.

Finally, as the exhausted driver was about ready to prepare to spend the night where he was, the equine lazily rose and shambled leisurely on, by the side of its mate.

Kent Kerch left yesterday for Chicago to take up his dental work at the Northwestern university.

## Sleep

is Nature's time for rest; and the man who does not take sufficient time to sleep or who cannot sleep when he makes the effort, is wearing out his nervous strength and consuming his vital power. Dr. Miles' Nervine brings sweet, soothing, refreshing sleep. Don't let another night pass. Get it to-day.

"I am a druggist, so when I was troubled with insomnia a few years ago I took Dr. Miles' Nervine and found immediate relief. I have not been troubled with that disease since."  
H. L. HOWARD, Madison, Wis.

## Dr. Miles' Nervine

soothes the nerves, nourishes the brain, and refreshes the entire organism.

Sold by druggists on guarantee.  
Dr. Miles Medical Co., Elkhart, Ind.

THE BIG STORE 20, 22, 24, 26, 28,  
S. MAIN ST.  
JANESVILLE, WIS.  
WE KEEP THE QUALITY UP TO

## Winter Cloaks...

Already we have sold many winter garments. There is always a certain number of people who buy early, on account of going away for the winter, others buy to secure some particular garment that just suits.

## Remarkable Values--

We have been figuring with cloak makers of New York, Cleveland, Philadelphia, St. Louis and the results of intelligent buying can be seen in our cloak department. The latest styles are represented in our stock. The aristocrat of fads is the Monte Carlo. We have them in many styles of trimming and several lengths.

**Monte Carlos**, 27 inch, with and without capes; some have inverted plait backs, others straight or ripple. **Also 42 inch Monte Carlos**, inverted and ripple backs, light backs with fur collars, stitched ripple back effects with flounce around bottom. Full length Ulsters and Raglans, Velour Jackets and Blouses. 27 inch Coats, slot seams, light backs, tucked light backs, yoke effects with capes, braid trimmed, etc. **For Fall wear** we have beautiful long Silk Coats and Jacket styles.

**Misses and Children** have been carefully looked after. Never had such a large assortment of good things **At \$5.50**, sizes 4 to 12 heavy Kersey long Cloaks, medium loose back, colors red, blue, brown, extra good for \$5.50. **Monte Carlos** for misses, 27 inch \$5.50 to \$30. Large size misses' garments often fit small ladies perfectly when a regular 32 size is too large. All colors in misses' and children's garments; red, tan, castor, blue, green, oxford, black. **Don't think** of buying a winter garment before seeing our great stock. New things constantly arriving.

## Furs...

It's time to begin to think about Furs. We are now showing a complete stock of the correct things in Furs. All the leading skins are represented. Large variety of Scarfs and Storm Collars, Capes, Jackets, Boas, Muffs, and sets for Misses and children. Lovely genuine Marten Scarfs with six tails selected Fur, beautiful Scarfs at \$6.00. A large assortment under \$10.00. Rich Jackets and Capes in Beaver, near Seal, Mink, Marten, at prices that mean a big saving over large city figures for reliable Furs. We are ready if you are. Why not call and look at our Furs, costs nothing to look you know.

## Velveteen--

We have all colors in a close pile Velveteen, 22 inch, at 60c, much used for Waists. Samples sent.

## FARMERS TO FORM A NEW COMBINE

HEAD OFFICE TO BE LOCATED  
IN CHICAGO.

### BROKERS ARE THE PROMOTERS

Would All Combine to Secure a Good  
Market and Good Prices  
for Produce.

Protection of the farmer, and the logical regulation of produce is the aim of the Farmers' National Co-operative Exchange company, as set forth in a recently issued prospectus. Articles of incorporation for the company were filed at Pierre, South Dakota, August 20, 1902. Pierre is the central office for the transaction of the business of the corporation but a branch is established at Chicago where directors and stockholders meetings may be held and general business transacted.

**Practical Change Brokers**  
Men of long experience in grain handling, and actual business connections with the leading commercial exchanges of the country, are said to be the incorporators of the company, the officers are also men who are fully conversant with the inner workings of the Boards of Trade.

**Avoids Difficulties**  
According to the booklet issued by the company, producers rush together to sell their products at the same time of the year and the supply increases until it is far ahead of the demand. Prices then fall, and millions of dollars, less results for the farmers, who sold in thirty days what should have distributed throughout four months. The consumers buy a certain quantity each month and the farmers should sell the same quantity each month.

**Regulate Prices**  
By doing this the actual supply and demand will regulate prices, and at the end of the year the farmers will have marketed their products, less a proper reserve, at values represented by the real demand. For obvious reasons the machinery of the Commercial Exchange must be utilized and for that reason the officers of the Farmers' National Co-operative Exchange company are members of these companies.

**Farmers' Storage Tanks**  
Instead of public warehouse storage, the company plans to provide iron fireproof tanks to the farmers. Supplies in farmers' hands have no effect to depress values. Besides storage often does the farmers no good as the owner of the warehouse may sell the grain, at the same time charging storage and insurance to the delinquent owner. The latter imagines that he still owns what goes to swell the "visible supply" and depress prices.

Two million Americans suffer the torturing pangs of dyspepsia. No need to. Burdick Bitters cures. At any drug store.

Impossible to foresee an accident. Not impossible to be prepared for it. Dr. Thomas' Electric Oil—Monarch over pain.

Coughs and colds, down to the very borderland of consumption, yield to the soothing, healing influences of Dr. Wood's Norway Pine Syrup.

Scratch, scratch, scratch; unable to attend to business during the day or sleep during the night. Itching piles, horrible plague. Doan's Ointment cures. Never fails. At any drug store, 50 cents.

**RICHMOND**  
On account of the death of her husband, Chas. Claxton, Mrs. Claxton will in a few days take her departure for Delavan, where she will make her future home with her daughter, Mrs. Gilbert Washburn.

Nearly all in this vicinity attended the Walworth county fair, which was the best seen in many years. A. Osborne of Turtle Lake conducted a lunch counter at the fair.

Mr. E. Stoller has purchased a new Deering corn harvester.

Threshing in the neighborhood is delayed on account of the corn cutting. Frost has greatly damaged corn on the low land, and very few pieces of corn are really fit to cut.

Fred Schumacher who has been making his home with Mr. Chas. Claxton will for the present live with Mr. John Raphael.

Mrs. Myron Holbrook attended the fair as a judge of preserves.

J. L. Kilkinney has purchased the Hess farm of sixty acres for \$3,000.50. The old Kemmett place is for sale by the owner, Mr. Schanahan, for \$2,400.

A few from this place received invitations to the marriage of Miss Florence Locke to Mr. Harry Millard both of Johnston Center.

**ALBANY**  
Albany, Sept. 30.—Mrs. George Bartlett visited friends in Janesville Friday.

Ira Wilson was home from Monticello over Sunday.

Rev. Kvale of Orfordville, was a visitor here Monday.

Miss Agnes Lendke of Jefferson, visited her uncle, H. Passer and family, last week returning home this morning, she was accompanied by Mrs. Passer.

Miss Elizabeth Pyre visited over Sunday with her parents at Madison. Mr. and Mrs. Marion Wilson's little child is quite sick.

Dr. and Mrs. F. H. Roberts of Burlington, Wis., visited the doctor's parents, Dr. and Mrs. G. W. Roberts.

Mr. and Mrs. Fred Benkert have moved into the Thos. Flint house which they recently purchased.

Mr. E. E. Owens is suffering from an attack of asthma.

This community was shocked Monday morning by the announcement of the sudden death of Capt. R. H. Hewitt, of apoplexy. He was 74 years of age.

Ross Sherbondy of this place and Miss Mae Folmer of Footville, were married at Rockford Friday Sept. 26, 1902.

John Root of Beloit was in the city on legal business today.

### WITH THE ATHLETES

Arrangements have been closed with the Milwaukee South Side High school to play here Thanksgiving day, against the local High School eleven.

Reports that Michigan spies were abroad induced Coach King to order secret practice for the Madison squad this week.

A practice base ball game was played the first of this week between the University of Illinois team, and the Urbana nine.

A week from today the High School Freshmen will play the losers of today's contest, and the Seniors will play the winners a week after.

Three of Notre Dame's heavyweights were cut out from the foot ball training table squad by the faculty on account of low class standing.

Coach Stagg has put the screws on his men this week, keeping two or three squads busy at the same time, hustling them up or down the field at a great rate.

Unless the weather prevents the postponed High School game between the Sophomores and the Juniors will be played this afternoon at 4:30 at Athletic Park.

Magnates of the Three-Eye league met in Rockford today to close up the work of the season. The principal business of the session was the awarding of the championship trophy, the first that Rockford has ever won.

It is said that Dr. Williams has some new plays up his sleeve for the Minnesota team. Heretofore old tactics have been made the rule and no time has been spent on innovations.

From 155 to 160 pounds is the average weight of about eighteen High School men who are now coming out regularly to practice. The squad was larger at first but it has dwindled down somewhat.

A sore and stiff lot of players emerged from the High School practice yesterday afternoon. The first team was put through the line bucking plays for the first time and while no injuries resulted, bruises were the order of the day.

Beginners in advertising are prone to over-estimate the results from this source. It is too common an impression that advertising is as exact as mathematics and that one has but to put his money in it to win big results. This is a mistake. The country does not fall over itself rushing towards every newcomer in the field of advertising. Advertising is no longer in the struggle for place in the natural world. Here as there, the fittest only survive. Returns are measured by the judiciousness of the wording and the placing of advertising.—Printers Ink.

**Buff's New Palace.**  
Pekin, Oct. 1.—The Imperial family is providing for the possibility of another removal from Peking by building a palace at Pao Ting Fu, ninety-five miles southwest of Peking. The Emperor and Dowager Empress do not like the proximity of the foreign guards of the legations.

**Adds to Public Domain.**  
Santa Fe, N. M., Oct. 1.—The forthcoming report of the court of private land claims will show that of 34,000,000 acres claimed in the southwest under land grant title, 32,000,000 acres have been rejected and thus added to the public domain by the court during its existence.

**Lion Hunt in Ohio.**  
Marion, O., Oct. 1.—A hunt is in progress for a large panther or lioness which has been terrorizing western Marion county. The animal has been seen by dozens and was stoned off the W. L. Douglass farm by male members of the household.

**Quakers' Convention Begun.**  
Richmond, Ind., Oct. 1.—The annual meeting in this state of the Society of Friends opened its eighty-second annual session here. This is the largest body of Quakers in the United States.

## Bright's Disease And Diabetes

They are curing Bright's Disease and Diabetes in California. The percentage of efficiency (recoveries) in these hitherto incurable diseases averages as high as 87 per cent. The details of the investigation and demonstration of the new compounds are so conclusive that we at once sent for a bundle of the reports and for the new treatment for urgent cases in this city. Call or send for one of the reports.

## MISS MAY MARKELL,

A Society Belle of London, Canada.

**M**ISS MAY MARKELL, of London, Ontario, Canada, is a beautiful girl who knows what suffering is and Wine of Cardui has brought her back to health. She is one of the social favorites of her home and her recovery to health has permitted her to enjoy the company of her many friends instead of lying on a bed of sickness and suffering. For the health she now enjoys she gives credit to Wine of Cardui. She writes:

flow in a healthy and natural manner. Menstruation started right is very easy to keep regular through the years of mature womanhood. Then the "change of life" need not be feared. Thus Wine of Cardui is woman's best relief from youth to old age. A million women have secured blessed relief from their sufferings by taking this treatment. It relieves menstrual troubles in an incredibly short time. In a simple case of deranged menses Wine of Cardui never fails. To relieve disordered menses is to remove the cause of other female troubles. Any physician will tell you that to remove the cause of a disease renders the cure easy, in fact seldom fails to complete the cure. If you would have the same relief which Miss Markell secured try Wine of Cardui. You can take it without an examination and without any publicity whatever. You can take it in the privacy of your home and secure just as much benefit as if a doctor had prescribed it for you. Thousands of women are feeling the vigor of returning health by taking Wine of Cardui.

"I have found Wine of Cardui an excellent remedy for female trouble. I suffered for three years with terrible bearing-down pains at the menstrual period. I could hardly stand on my feet and was never real well. Wine of Cardui was the only medicine that I could depend on to do me any good, as I tried several with no success. Wine of Cardui cured me and I have now enjoyed perfect health for two years, and give you all the credit for I know you deserve it."

For a young girl Wine of Cardui is the best remedy to guide her through womanhood by starting the menstrual

ing this treatment. It relieves menstrual troubles in an incredibly short time. In a simple case of deranged menses Wine of Cardui never fails. To relieve disordered menses is to remove the cause of other female troubles. Any physician will tell you that to remove the cause of a disease renders the cure easy, in fact seldom fails to complete the cure. If you would have the same relief which Miss Markell secured try Wine of Cardui. You can take it without an examination and without any publicity whatever. You can take it in the privacy of your home and secure just as much benefit as if a doctor had prescribed it for you. Thousands of women are feeling the vigor of returning health by taking Wine of Cardui.

## CITY EXTRAVAGANCE.

A committee of four from the common council accompanied by the state veterinarian have just returned from Chicago where they went to buy a pair of horses for the city.

A similar committee incurred an expense of fifty dollars last spring in buying a piece of horse for the fire department. Any business man in town would have made the purchase through a half dozen letters by competitive bids. So far as the horses are concerned, a reasonable commission to any competent buyer would secure a team at market value.

It is true that the common council serves the city without compensation, and the members doubtless feel that they are entitled to an excursion, now and then, at public expense but it happens just now that the people are paying city taxes, and the increase is so heavy, that they are in no mood to tolerate needless extravagance.

The expense of buying horse and horses, may be trifling, but this class of expenses represent the small rat holes, where money soaks away in liberal quantity. It is so easy to spend public money, and under our system of city accounting, so easy to cover it up after it is spent, that the temptation is ever present.

A great deal is being said about publicly, as one of the safe guards for trusts and combines. As a people we evidence more interest in a New York merger than we do in a Janesville expense budget. This is true because of the sublime ignorance that obtains concerning both. If you ever tried to analyze a merger, the task has been given up in disgust, and you never attempted to analyze a city expense budget because you never had an opportunity.

This is not the fault of the city treasurer. No one questions his honesty, but all he knows about city funds is, that he receives a certain amount of money, and pays it out on orders, what the orders cover in detail is as much a mystery to him as to any other tax payer. The bills of course are audited by a finance committee and are doubtless correct, but there is no reason why they should not be exposed to public view. They are paid with public money, and are vouchers that the public have a right to inspect.

The common council needs a guardian, who has wisdom enough to discover that one man can buy a horse as cheap as five, and with authority sufficient to prevent needless extravagance. What the tax payer needs is a comptroller, authorized to audit all accounts, and expose them to public view once a month.

What the city needs in the way of practical reform, is a non-partisan official, selected in the interests of conservative and economical government.

## IRON AND STEEL.

The Treasury Bureau of Statistics calls attention to the comment of the "London Financier" on the production of iron and steel in the United States. The foreign journal says that the railways of this country will use 2,000,000 tons of steel rails during the year ending June 30, 1902, and that manufacturers of agricultural implements, and contractors and builders draw so heavily upon the steel and iron product that the supply is not equal to the demand. The journal also claims that the demand for this class of goods has been greatly stimulated by the United Steel Corporation, who firmly refused to raise their prices unduly. A note of warning is sounded to British manufacturers in the statement which says as long as the United States continues in its present prosperous condition, absorbing all it can produce in the way of iron and steel, British manufacturers need not fear serious competition. But this prosperity cannot last indefinitely. The home demand must fall off to a greater or less extent when owing to the present increase of output all over the country we shall probably see an overproduction exceeding anything hitherto experienced. Preparations are being made to meet this contingency, so that

when supply greatly exceeds demand in America everything will be in readiness to carry the surplus to Europe and other countries more economically than ever before. British manufacturers should, therefore, put their houses in order meanwhile.

## WALL STREET AND MONEY.

Last Monday, money on Wall street commanded 40 per cent interest during the last hour on change, and stocks weakened from 4 to 10 per cent. Another hour of the same experience would have resulted in a panic, but the day was short and the tension was relieved by the action of Secretary Shaw in placing national banks, who act as sub-treasury agents, in position to unlock a large volume of currency for general use.

Stock speculation on Wall street has been so rampant, that the banks were compelled to check it, and after serving due notice without effect, stringent measures were adopted, by placing interest rates at a prohibitive figure. This resulted in unloading stocks that were heavily margined, and temporarily unsettling values.

The legitimate demand for money, at this season of the year, is unusually heavy, and the millions, that are distributed every day to producers, is out of circulation, until the farmer returns it either through the banks or other channels of trade.

This does not mean hard times, and there is no occasion for anxiety on account of a scarcity of money. It would be better for the country if the government would go out of the banking business and simply act as the people's agents, in seeing that a safe and stable currency was furnished. The United States treasury is today loaded with money which it is holding in trust for the people. This money belongs to the people and there should be some way devised so that it could be used when needed.

Secretary Shaw is disposed to place a liberal construction on the law. He is fully alive to the situation, and there is no doubt that the next session of congress will take intelligent action on monetary affairs.

A nation that lends the world its enterprise should be able to handle its finances in a manner more nearly in keeping with the spirit that prompts and governs its activities.

## PROSPERITY IN THE SOUTH.

While the whole country is in a condition of greater prosperity, perhaps it is more noticeable, comparatively speaking, in the South than in any other part.

Not that the southern states are really more prosperous than the northern, but that the contrast is so much greater than it was a few years ago. The increase in exports and imports in the principal southern ports in the last two years is a reflection of the growth in commerce and trade. Railway travelling has been very much improved, and the railway companies are assisting the farmers and manufacturers, knowing that their profits depend upon the resources of the south, and as a consequence no effort is being spared to encourage the development of the industries along the various lines. The development of the oil industry has done wonders for some of the states. Not only has it brought immense sums of money, but the low cost of oil has caused it to be used as fuel on steamships, locomotives, etc., reducing the cost of manufacture and transport to no inconsiderable extent.

The good old Badger state is to have second place in the grand march at Washington. Doubtless the committee in charge have remembered what a gallant part the Wisconsin fighting men of '61 had in protecting Washington from their gray coated brethren.

King Alfonso has discovered that his mother has married again without his permission and is justly aroused and angry. Some way or other it does not take much to anger this boy not yet out of his teens and some one is sure to suffer from his petty tantrums.

Senator Spooner now seems assured of a re-election. It was not the administration machine that assured him of the honor, but a general uprising of the people. Of course the executive machine helped it by showing their hand so soon but the people did it.

Beloit had a cane rush yesterday that was full of excitement and interest to those who were in it and to the spectator, but oh, the bills the fond parents will have to foot up as the results to clothes and linen become known.

Now that Governor La Follette has come out of the woods and has really begun his campaign, it will be interesting to know just how long the Hon. David's campaign on his "Hoopa Special" continues.

If it takes 50,000,000 tons of anthracite coal to supply the home market, and there is none in sight, how much coal is there likely to be in the Janesville market before spring? Better buy a wood stove and be happy.

Secretary Shaw was the man for the hour in the New York money market crisis. It takes a western man to show those Wall street speculators a few things in these "strenuous" days.

One man who could not stand David Rose's definition of democracy died from the effects of a speech he

made in this county. This is the first of the campaign casualties.

Those poor regulars and volunteers who are taking part in the military maneuvers at Ft. Riley all must agree with General Grant when he said: "War is H—!"

The American girls are getting sweeter. That is, they are using much more sugar per capita than ever before.

Mayor Low of New York has endorsed labor unions, but says they should be incorporated under the law.

A campaign without enthusiasm is like a Methodist camp meeting with out shouters.

New London Press: Rose's hot shots at the Madison Napoleon appear to please the republicans who attend the Rose meetings, judging from the hearty applause.

Darlington Democrat: Within two hours after the first lot of Rose buttons were received in Darlington twelve were counted on the street on the coats of republicans.

Madison Journal: Speaker Henderson has served twenty years in congress and presumably has got to that point where it seemed safe to traffic a bit on his fame, and public service—a perilous frame of mind for the greatest of men to get into.

Oconto Enterprise: The Reporter, after its editor had heard Mayor Rose speak, comes to the conclusion that he is a "very good actor." If one half of the stories told about Gov. La Follette are true, he must be a very bad one.

Chilton Times: David S. Rose, in his campaign throughout the state is addressing large crowds which shows that the taxpayers are becoming interested and are ready to condemn by their votes the administration which for two years has done nothing for their benefit.

There is no need of assurance that the Lake Geneva sea serpent is not an ordinary water snake. It is generally known that cold water can conjure no such visions in the brains of those who prefer it to be manufactured tipples.—Milwaukee Evening Wisconsin.

New London Press: If President Baer and the associated railway presidents are the absolute owners of the coal fields they have a perfect right to refuse to recognize the miners' union regardless of the hardship the coal strike may work to innocent persons. If Mr. Blackstone in his opinions of the right of eminent domain, is correct, it is the duty of the commonwealth of Pennsylvania to appoint an administrator to work the coal fields for the benefit of all the people.

Marquette Star: The Merrill Advocate is in a state of trepidation over the future of the country and bemoans the fact that the nation has not a William McKinley to guide it through the apprehended tribulation. The Advocate should cheer up, taking consolation from the faith of Garfield, who quieted the fearing mob of Wall street after Lincoln's assassination by the reverential exclamation, "God still lives." Great economic questions are always before us, and if the people are true to themselves no fear need be entertained for the solution of those questions.

Vernon County Leader: W. C. Thompson, one of the proprietors of The Democrat at Columbus, was in La Crosse for a few days this week, and, speaking of the political situation in Columbus and vicinity, he said that Rose will receive a large vote from Columbus county. Many republicans who are opposed to La Follette have announced their intention to vote for the democratic nominee for governor. Mr. Thompson says there is a strong sentiment for Rose in the central part of the state and it increases as one goes eastward. He believes that Rose will be the next governor.

Edward Hansen, a recent graduate of the Janesville Business College, has entered the employ of Walter A. Johnson, of the C. M. & St. Paul Railway.

## A YOUNG GIRL HAS DISAPPEARED

GRACE LIGHTHIZER'S WHEREABOUTS IS BEING LOOKED FOR.

NOT SEEN SINCE SATURDAY

It is Thought She Left the City With John Vance a Telegraph Operator.

Mrs. Marian Lighthizer has been inquiring anxiously for the last few days for information regarding the whereabouts of her daughter, Miss Grace Lighthizer, who left home last Saturday and has not yet returned. Inquiry about the city has developed that the young lady left the city last Saturday in company with a young man named John Vance, a telegraph operator, who has been in the employ of the Western Union company in Chicago. Young Vance attended Valentine's School of Telegraphy and left here about nine months ago to take a position with the telegraph company.

**Met At School**  
While attending school here Vance became acquainted with Miss Lighthizer and the acquaintance grew into a close friendship which later ripened into love. His being away from the city did not interfere with their love matters and last week he came back to the city to see Miss Lighthizer.

**Not Pleasing To Mother**  
Her mother did not look with favor on the young man's suit and objected to their being together, so last Saturday the young couple took matters in their own hands and eloped. Vance's family reside in Pennsylvania and are said to be quite well off. Vance was well supplied with money while attending school and in all probability the young people left for his home in Pennsylvania, where they will be married if they are not already married. Mrs. Lighthizer appealed to the police in regard to the elopement, but could find nothing further than that the couple left the town last Saturday.

### BRIEF BITS OF LOCAL NEWS.

**Union Label League Meeting:** The Woman's Union Label League will hold a special meeting tonight at 8 o'clock at Assembly hall.

**Glass Front Here:** The glass for the new front in Putnam's was put in place today and makes a very handsome front and one out of the ordinary run of fronts in this city.

**W. C. T. U. Mothers' Meeting:** The W. C. T. U. will hold a mothers' meeting on Thursday at Mrs. Mahew's, 55 N. High street, at three p. m.

**Jewish New Year Begins Tonight:** The Jewish New Year, Rosh Hashonah, is called in Hebrew, begins tonight. It is the beginning of the year 5663.

**Council Meets Tonight:** There will be an adjourned meeting of the council this evening at 7:30 at the city hall. The Warner claim for damages and the railroad matter will be up for a hearing.

**Was Arrested:** Walter Hallott of Edgerton was creating a disturbance on West Milwaukee street last night and abusing his wife, until Night Watchman Miles Cox, grabbed him and locked him up.

**Will Entertain:** Mr. and Mrs. A. E. Matheson have issued invitations for a party to be given in Central hall, the newly remodeled and redecorated dance hall in the Carle block on Wednesday evening, October 15 at eight o'clock.

**Stop Cars Again:** This morning the cars were again obliged to stop crossing the Milwaukee street bridge on account of repairs necessitating the tearing up of the pavement under one rail and blocking the track.

**In Justice Court:** In Justice Earle's court this morning judgment was given for J. J. Cunningham against George Campbell for \$23.35 for legal services. In the case of R. W. Adair against Charles Russell judgment was given for the plaintiff for \$5 and costs.

**Fixtures Are Here:** The electric light fixtures for the basement of the new city hall arrived this morning and will be put in place at once. The fixtures for the balance of the building have not yet arrived but are expected now every day.

**Close Down Works:** The Isabel works will shut down for a few days to allow the machinery to be moved into the new building, which adjoins the old one. The increased floor space secured in the new building was much needed by the works on account of their rapidly increasing trade.

**Big Excursion:** An excursion of about one thousand people will pass through here Sunday morning over the St. Paul on their way from Mineral Point to Milwaukee. W. W. Winton, district passenger agent, will accompany the train and look out for the comfort of the excursionists.

**Work At Standstill:** At present the work about the new postoffice is at a standstill. The trenches are all ready for the concrete footings, but the carload of cement ordered by the contractors has failed to arrive and persistent inquiry has failed to locate it. The contractors are worried over the delay as the weather is now first class for putting in the concrete.

**Return From the South:** Mr. and Mrs. John Falter, of 553 Pleasant street, returned Friday evening from Chattanooga, Tenn., where Mr. Falter went as a delegate to the national meeting of the Brotherhood of Locomotive Firemen of the United States and Canada. The next meeting of the brotherhood will be held in Buffalo, N. Y.

**Women Foresters:** The Woman's Catholic Order of Foresters gave the first of their series of card parties at their hall in the Williams block last evening. About one hundred and twenty-five were present and spent a pleasant evening playing club. Miss Della Shields and John McManus won the first prizes and Miss Francis Ryan, the consolation. Mrs. James Ryan, Mrs. Edward Marshall and Mrs. Lawrence Cronin had charge of the party.

### FUTURE EVENTS

Meeting of the Common Council this evening.  
"The Tide of Life" at the Myers Grand this evening.  
Midweek service of the First Church of Christ Scientist in the Phoenix block this evening.  
Races and democratic day at the fair grounds tomorrow.  
Degree of Honor card party and social at East Side Odd Fellows hall tomorrow evening.  
"The Denver Express" at the Myers Grand Friday evening.  
Judge Hanna, of Boston, lectures on Christian Science at the Myers Grand, Saturday evening.

### BRIEF BITS OF LOCAL NEWS

Wall paper worth 25 cts now 8 cts, per roll. Kent & Crane.  
An interesting look and fur talk on age 2. J. M. Bostwick & Sons.  
High grade wall paper 8 cts, per roll at Kent & Crane's sale.  
Y. P. S. "Harvest Home" dance Tuesday eve, Oct. 7, at Assembly hall.  
Kent & Crane's special wall paper sale is a money saver.  
We are receiving nobby styles every day in new fall coats. T. P. Burns.  
The Women's Union Label League will hold a special meeting at Assembly hall Wednesday evening, Oct. 1, at 8 o'clock.

The Chocolate-Melner demonstration at O. D. Bates' is creating great interest among the ladies.

Next Friday is garment day at Bort, Bailey & Co.'s store. See large announcement tonight.

R. J. Whitton, manager of the Lion Shoe Store, has decided to retire from business and will dispose of his stock at once.

See the cotton blankets we are showing at 39c, 50c, 75c, and \$1.00. T. P. Burns.

Most reasonable in price will be the display in garments next Friday at Bort, Bailey & Co.'s, special sale. Large bulk oysters have always been a leader at our store. We have them now. The first of the season. C. D. Stevens.

The Northwestern railroad has just placed an order for seventy-five new locomotives. They will be distributed around the different divisions as soon as received.

Largest display of women's, misses' and children's garments ever shown in Janesville at one time. Next Friday at Bort, Bailey & Co.'s.

Mr. and Mrs. J. C. Page and their niece, Miss Ewing, have returned to their home in Chicago and have given up their summer home at Magnolia Terrace until next year.

Joseph Beifeld & Co. of Chicago will have a special representative next Friday with garments at Bort, Bailey & Co.'s special sale.

Prof. Smith wishes it stated that his orchestra does not play at Afton tomorrow night as has been advertised on the invitations for the dance in that place, but at Rockton, Ill.

Chocolate-Melner preparations are delicious, Miss Weynschenk, a French cook, demonstrates their palatableness at O. D. Bates' this week.

The Ladies Aid Society of the Court Street M. E. church will meet in the church parlors, Friday afternoon at 2:30 for work.

The grade of bulk oysters we sell equal many of the so-called selects in cans. First of the season. C. D. Stevens.

Ladies are invited to the O. D. Bates store during the Chocolate-Melner demonstration this week. Miss Lucille Weynschenk, an expert French cook, is in charge.

The Ladies of the Woman's Relief Corps are holding a Rummage Sale in the vacant store on the Corn Exchange. Please bring in clothing and articles for the sale.

When you purchase bulk oysters at C. D. Stevens' you secure the best on the market. They are extra large and many families use them for frying.

At the Hotel Myers in room 7 Mr. W. Holmes has a complete line of furnishing goods for men. The very latest styles at lowest prices. Call tonight.

Judge Hanna who is to lecture on Christian Science Saturday evening at the opera house was for ten years first reader of the church in Boston. He has a thorough understanding of his subject.

Christian Science Lecture Saturday evening at the opera house. Admission free.

### ADDITION MADE TO CITY STABLES

West Side Engine House Has an Addition for Accommodation of Horses.

A stone foundation wall is being built across the West Side engine house in order that the horse stalls may be moved three feet nearer the front of the building. This is a part of the general remodeling of the building and will give the horses more commodious apartments.

### EDUCATION IS NEW ADDITION

Y. M. C. A. to Conduct Classes in Connection with Their Regular Work.

On Monday the educational classes of the Y. M. C. A. will open. A number have signified their intention of enlisting at that time, but it cannot be told definitely until later what the courses offered will be, and how many will go into them.

No fixed curriculum has been laid out by the educational committee, but it will be entirely with those who elect the work to decide on the nature of the studies pursued. A course will be offered in any branch which a sufficient number shall express their desire of taking up.

Who the teachers will be to conduct the classes has not yet been made public, probably owing to the indefiniteness of the plans for the work to be offered. It is felt, however, that the classes will prove popular if any opinion may be formed from the interest which has already been displayed in the work.

## EVEN WOOD IS ALSO SCARCE

ONE DEALER SELLS THE LAST HE HAS.

COAL SUPPLY IS ALSO GONE

The Price of Wood May Advance Within a Few Days' Time.

By tomorrow evening, one of the local coal and wood dealers says that his stock of wood will be completely sold out, and he does not know where more can be secured. His anthracite is already cleaned out, his soft coal nearly so, and now his one article of fuel is going.

**Some Have Wood**  
This condition is not universal among the local dealers. Several incline to the view that there will be a decided shortage before many months but that it is only a matter of misfortune that some of the dealers are already short on wood. They say that it seems probable that the farmers who have wood on hand, are holding it, expecting a decided jump in prices.

**May Not Rise**  
Whether this jump will come or not is a matter for speculation. "I will tell you, prices are going to go way up on everything that is fit to burn," said one dealer. This fire this morning gave a black eye to oil heater substitutes. Gas is all right in some cases, but the people haven't taken it up very freely. This leaves the people with practically nothing to burn but coal and wood.

**Wood To Burn**  
"The most of those who have experimented with soft coal have given it up in disgust. The hard coal market is wiped out entire. So that leaves you nothing to burn but wood. Those farmers know what they are doing in holding their wood until people have got to have it, no matter what it costs."

**REV. GAYLORD IS  
TO SPEAK HERE**  
Will Speak on Social Democracy at Corn Exchange Square This Evening at Eight.

Rev. Winfield R. Gaylord of Milwaukee, a member of the social democratic party, will this evening address the public on the Corn Exchange on the principles of his party.

Mr. Gaylord was formerly pastor of a New London, Wis. church, but owing to his political faith he proved to be a cause of contention between the members of his congregation.

**Left Ministry**  
For this reason and because he felt that his words would have more force he gave up the ministry to openly preach the doctrines of socialism. He comes under the auspices of the Lyceum and Lecture Bureau of the Social Democratic party of the state.

**RALPH W. JACKMAN  
WEDS MISS HOUSER**  
Brilliant Society Event Takes Place in Congregational Church at Mondovi, This Morning.

This morning a society event occurred at Mondovi, Wis., in which the principals were Miss Ethel Houser of Mondovi, and Ralph W. Jackman, of Madison, son of Mr. and Mrs. Clarence W. Jackman, of this city. The ceremony took place at nine o'clock in the Mondovi Congregational church.

Owing to the inconvenient railroad facilities, Mr. and Mrs. C. W. Jackman, parents of the groom, were the only guests present from this city.

**An Accomplished Bride**  
The young people, whose marriage was consummated today, are both well known in university circles at Madison. The bride entered the university in the class of '02 but took a special course, including special work in music. She is a beautiful young woman of charming personality and many accomplishments and is a popular member of the Gamma Phi Beta sorority. She is the daughter of Mr. and Mrs. Walter L. Houser, her father being the clerk of the legislature.

**A Harvard Graduate**  
The groom is the only son of Mr. and Mrs. Clarence W. Jackman of this city and made Janesville his home until he completed his university career. He was graduated from the Janesville High school in the class of 1893 and later finished the course at the university of Wisconsin with honors, graduating with the class of '97. Mr. Jackman then completed his law course at Harvard, graduating in '00. He is a member of the Delta Upsilon fraternity.

**Will Live in Madison**  
Since his graduation, Mr. Jackman has been successfully practicing law in Madison, being connected with the prominent firm of Warren & Jackman. He and his bride will make their home in Madison, going to house-keeping on Sherman street. They have the sincere congratulations and best wishes of their many friends.

**Silk Sale Today**  
We will continue the 57c silk sale through today. We will include several hundred yards of black silks and satins, all at 57c.

## THEIR MARRIAGE WAS A SURPRISE

RECEPTION IS UNEXPECTEDLY TURNED INTO A WEDDING.

M. A. NORRIS WEDS HIS COUSIN

Bride Was Miss Florence Norris, of Oak Park, Illinois—Will Live Here.

M. A. Norris rather stole a march on his numerous friends last night by getting married when they least expected it. Last evening a number of friends gathered at Mr. Norris' home on South Jackson street, to attend a reception in honor of Mrs. W. B. Hopkins of Chicago, who is in the city on a visit. Yesterday being Mrs. Hopkins' birthday and also her wedding anniversary a number of intimate friends of the family were invited to a reception in her honor. About 8:30 o'clock after all the guests had arrived Rev. Richard M. Vaughan, of the Baptist church, appeared in the parlor and taking a position in one corner, awaited the arrival of the bride and groom, who came in unannounced and before the guests were hardly aware of what was going on, Mr. Mark Allen Norris of Janesville and Miss Florence A. Norris of Oak Park, Ill., were made man and wife.

**A Surprise**  
Mr. Norris expected to be married in a short time but no one was aware that he had planned to have the ceremony performed last night. After the wedding light refreshments were served to the guests and the evening was spent in a social way. The rooms were handsomely decorated with cut flowers and vines and made a pretty picture.

**No Wedding Trip**  
The couple will not take any wedding trip, the groom's business requiring his attention most of the time. He has conducted the Norris Sanitarium for a number of years and has a great many friends in this city. The bride is a cousin of the groom's and also has many friends and acquaintances in this city.

**Guests Present**  
Among those present from out of the city were Misses Lottie and Grace Robinson, Oak Park, Ill., and the Misses Belle Tennant and Fannie Congdon of Delavan.

**Benlitz-Mohms**  
Miss Renetta Benlitz and Mr. Ted Mohms, of this city, were united in marriage at Freeport yesterday afternoon. They were attended by Miss Ella Benlitz and Leroy Matne. Both young people have many friends in this city. They will make their future home in Freeport.

**Smith-Rienow**  
Charles Rienow of Chicago and Miss Jennie M. Smith, daughter of Mr. and Mrs. E. E. Smith of this city were married in Chicago September 28. Rev. Father Dorman officiated. They left at once on a trip through the East.

## CHARGES ABUSE OF EMIGRANTS

### ROUGH TREATMENT OF ALIENS

Detention Pens Are Declared to Have Been Filthy, the Dining-rooms Coming in for a Major Portion of the Censure.

New York, Oct. 1.—Grave charges, including the improper detention and intimidation of immigrants, and even hinting at blackmail, are made in the annual report of the commissioner of immigration at this port, William Williams, which was filed with the secretary of the treasury.

In the document the commissioner criticizes without reserve conditions which surrounded the landing of immigrants at Ellis island during the ten months previous to the change of administration there due to Mr. Williams' appointment. He says in the report:

**Picked the People.**  
"The chief inspector was allowed to arbitrarily mark the word 'hold' against the name of any immigrant on the manifest, this causing to be brought to him certain picked people to be disposed of as he thought best, instead of allowing them to be inspected in the regular way. The fact that most of those so marked are shown to have had fair amounts of money, and that many so marked were able-bodied people with very large amounts of money, are points not without interest.

**Extorted Money.**  
"The power, first to detain these people without reason, and, second, to direct them to boarding houses where they paid full value for all they received, will be appreciated when it is remembered that from May, 1901, to May, 1902, 463,451 immigrants exhibited \$6,556,580 as they passed through this station, and had probably a great deal more that they did not exhibit.

"It appears that some officials were in the habit of themselves passing upon cases of immigrants detained for special inquiry, bringing the immigrants out of the detention room, discharging them, or putting them back, according to their whims. The resulting power of blackmail and of exerting other improper influences involved in this practice will be readily seen."

**Cites Abuses.**  
The commissioner says he could cite numerous other instances of abuse and lack of system; that the immigrants were roughly handled and addressed in rough language by government and railroad officials; that the detention "pens" were filthy, particularly the dining-rooms, where, the report says, the immigrants were fed without knives, forks, or spoons; that railroad and other passes used to be demanded to a demoralizing extent; that "ship after ship" brought in cases of favus (scalp disease) and trachoma (eye disease), both dangerous contagious diseases unknown in this country until imported in recent years from Europe.

### EXPLOSION KILLS AND BURNS

Nonunion Miners Ignite Gas and One Loses His Life.

Wilkesbarre, Pa., Oct. 1.—One man killed and four seriously burned was the echo that reached the outside of the Exeter colliery stockade shortly after an alarming sound, followed by the trembling of surface, was experienced by those residing in the locality, and which indicated that an explosion had just occurred in the mine. The lips of the deputies and officials were sealed and no information from them was obtainable. It has just been learned that several foreigners were smuggled into the shaft to take the place of the miners. One of them went into an old chamber, lighting a body of gas and losing his life, while the effects of the explosion seriously burned the others.

**Insane Man Keeps Mum.**  
New York, Oct. 1.—After vain efforts to find some language which could be understood by the unknown man who was recently taken from the Bowerly to Bellevue hospital, where he was treated for malaria, the doctors have decided the patient is insane.

**Doubles Gas Mantles' Life.**  
Ann Arbor, Mich., Oct. 1.—M. E. Mueller, a student in the chemical department of the Michigan University, is believed to have discovered a means by which the life of the gas mantle may be doubled.

**Stork Brings a Son.**  
Vienna, Oct. 1.—Sophia, Princess of Hohenberg, formerly Countess Chotek, the morganatic wife of Archduke Franz Ferdinand, heir to the thrones of Austria and Hungary, gave birth to a son.

**Another Football Victim.**  
Vermillion, S. D., Oct. 1.—Edward Frank Edwards, of Bowdle, S. D., was injured in a practice game of football at the university and will die. His spine is fractured and his body is paralyzed.

**Snowstorm in Kansas.**  
Sylvan Grove, Kan., Oct. 1.—This place was visited by a snowstorm, which developed into a fierce storm of sleet.

**Glass Bevelers Strike.**  
New York, Oct. 1.—A strike of 1,000 glass bevelers has been ordered to enforce demands for the nine-hour workday and a new scale of wages, ranging from \$12 to \$18 a week.

W. W. Huse was a business visitor from Rockford yesterday.

### BOWLDER TO MARK THE SPOT

Site of Lincoln-Douglas Debate to Be Decorated by Women.

Freeport, Ill., Oct. 1.—The women of this town have finally found and have now substantially marked the spot on which took place the famous Lincoln-Douglas debate. There has been an exasperating delay of over a year concerning this matter. The old-timers failed to agree as to the exact locality of the stand from which the speeches were made. Finally the corner of Douglas avenue and Mechanic street was agreed upon, when a committee of the Freeport Women's club went to Devil's Lake, Wis., and secured a huge bowlder, which will be brought to the city and placed in position with fitting ceremonies.

### SOPHOMORE'S LEG IS BROKEN

Classes Battle for Four Hours at University of Iowa.

Iowa City, Ia., Oct. 1.—Merle Call, a sophomore in the University of Iowa, was beaten down to the brick pavement by a dozen freshmen in the annual "scrap," and his left leg was broken above the ankle. Bruises and bloody noses were conspicuous throughout the contest, which lasted four hours, but Call was the only man seriously hurt. He is the nineteen-year-old son of Professor Leona Call, of the chair of Greek in the university. The freshmen won the contest.

### FIND BODIES OF SHIP VICTIMS

Two of Those Lost in City of Pittsburgh Last April.

Paducah, Ky., Oct. 1.—The bodies of L. L. Hunter and L. B. Magill, who were lost in the burning of the City of Pittsburgh last April thirty miles below Paducah, were found four miles below the wreck and apparently had been covered with sand. They were wealthy manufacturers of Tidlot, Pa., and several thousand dollars had been spent by relatives in an effort to find the bodies.

### MURDER VICTIM IS PETRIFIED

Man's Body, With Bullet Hole, Found By a Sand Digger.

Evansville, Ind., Oct. 1.—While a sand digger was at work in the river here the petrified body of a man was brought to the surface. Indications are that the victim was a white man and had been murdered. Marks of violence appear on the stone body. The arms had been pinioned. A bullet hole appears in the chest.

### Bad Day for Illinois Fair.

Springfield, Ill., Oct. 1.—Owing to cold and threatening weather the attendance at the state fair yesterday was small. Heavy rains, which fell early in the day, put the race track in bad shape and Superintendent George H. Madden declared all races off for the day.

### Miles Reviews Troops.

San Francisco, Cal., Oct. 1.—The troops at the Presidio were reviewed by Lieutenant General Miles, who was accompanied by Major General Hughes and staff in full-dress uniform. The military display was witnessed by thousands of spectators.

### Each Gets \$1,450,031.

San Francisco, Cal., Oct. 1.—Mrs. Hermann Oelrichs and Mrs. William K. Vanderbilt, Jr., by a decree of the superior court, have been enriched in the sum of \$1,450,031.12 each from the estate of their deceased mother, Mrs. Theresa Fair.

### Coal Advances in London.

New York, Oct. 1.—The American coal strike already has made an impression on the British coal market, and if it continues for another six months householders in London probably will have to pay \$20 a ton for fuel.

### Coal Dealer Tires of Life.

New York, Oct. 1.—In financial difficulty as a result of the coal strike, Henry C. Scheel, a coal merchant of this city, tried to kill himself by shooting. The doctors say there is little hope for him.

### Fatal Fire in Poland.

Yoshnik, Poland, Oct. 1.—One hundred and twenty houses of 125 have been burned to the ground. The fire was caused by children playing with fire. Two children perished in the flames.

### Spain to Have Branch Banks.

Madrid, Oct. 1.—The council of the Bank of Spain has approved a scheme for the establishment of branches in London and Paris. These branches will be opened in January next.

### White Will Represent Yale.

London, Oct. 1.—Andrew White, United States ambassador to Germany, will represent Yale at the Centenary of the Bodleian Library at Oxford.

### Attempts Suicide.

St. Louis, Mo., Oct. 1.—Clarence L. Thurston, son of ex-Senator John M. Thurston of Nebraska, attempted suicide by asphyxiation in a fashionable hotel.

### Lamp Trimmer Is Killed.

Bloomington, Ill., Oct. 1.—John Gray, an old employee of the electric light department of the city, was electrocuted while trimming a lamp. No one saw the accident. His dead body was found under the lamp, badly burned.

### Resents Drink Cure.

Anderson, Ind., Oct. 1.—Because she had been giving him without his knowledge an alleged cure for the liquor habit, George W. Overshimer, a Boone township farmer, sued his sister, Laura J. Posler, for \$5,000 damages.

## RAIN HAMPER WORK ON FARMS

### SOME DAMAGE TO LATE CORN

Dampness and Mold Affect the Cereal in Shock—Excessive Moisture Is Harmful to the Cotton Plant, Which Needs Sunshine.

Washington, Oct. 1.—The weather bureau's weekly summary of crop conditions follows:

"As a whole, the week was very wet in the districts west of the Rocky mountains, with temperatures generally above normal, except over the middle Rocky mountain slope, where it was moderately cool. While the excessive rains interrupted farm work and delayed the maturing of late crops, they proved favorable for germination of fall-sown grain and placed the soil in excellent condition for plowing and seeding.

**Frosts Are Harmless.**  
"No damage resulted from frosts, which were confined to the central and northern Rocky mountain districts and the extreme North Pacific coast regions. General conditions on the Pacific coast were favorable, although rain is needed in eastern Oregon.

"The weather has been very unfavorable for maturing late corn in the central valleys and lake region, especially over the northern portion of these districts, and reports indicate that corn in shock has been damaged considerably by dampness and mold over a wide area, and that much of the crop in the upper lake region and Missouri valley will not be marketable.

### Rain Damages Cotton.

"Reports of damage from rain to open cotton are general throughout the belt, with the exception of the Carolinas and portions of Texas, and sprouting and rotting in bolls are largely reported, especially in the central districts. Picking, though much interrupted, is well advanced and is nearing completion in some districts. Late cotton in central and northern Texas is making rapid growth, but will not mature unless frosts are unusually late, and under these conditions a light top crop may also be gathered in Alabama. A fine crop of sea island cotton is promised in South Carolina."

### ZOLA IS TO BE BURIED FRIDAY

Capt. Dreyfus Will Attend Funeral of His Benefactor.

Paris, Oct. 1.—The body of Zola will be interred in Montmartre cemetery. Probably the body will be accorded the military honors to which the deceased is entitled as an officer of the Legion of Honor. The League of the Rights of Man is organizing an imposing demonstration.

The funeral has been fixed for Friday and interest is shown in the question whether Dreyfus will attend. The Patrie says:

"If he dares to show himself in the procession the looks and contempt of all the spectators will be concentrated on him. If he hides himself in this decisive hour he will show himself to be his own judge of the work of his benefactor."

M. Dreyfus says he will attend M. Zola's funeral.

### BATCH OF GASOLINE ACCIDENTS

Vaporized Fluid Causes Death and Injury at Rockford.

Rockford, Ill., Oct. 1.—Mrs. William Johnson died at the city hospital from injuries received Sept. 20, when she was caught in a gasoline stove explosion. Mrs. R. M. Barry, aged seventy-eight years, was in a gasoline and oil explosion in her home and her clothing caught fire. She rolled herself in some high wet grass, tearing off her burning clothing. She will recover. George Harbaugh, cafe manager, kicked a burning pan of gasoline from his kitchen and burned his leg.

### Jay Cooke Is Up Again.

Put-in-Bay, O., Oct. 1.—Jay Cooke left his bed and astounded the physicians by leaving his room and walking about his house on Gibraltar Island. He refuses to go back to Philadelphia and says he will remain at Gibraltar to fish before the season is over.

### Deserters Drown.

Astoria, Ore., Oct. 1.—While trying to desert from the British ship Australia, two members of her crew, named Ferguson and Hudson, were drowned. The men were shipped in Portland.

### Bishop Resigns.

Coon Prairie, Wis., Oct. 1.—The Rt. Rev. Bishop Halverson, bishop of the New Norwegian Synod, has resigned. Bishop Halverson has been active in the ministry for the past thirty years.

### A. H. Van Tassel of Beloit Was in the City Yesterday on Business.

### NORTH JOHNSTOWN

North Johnstown, Sept. 30.—Arthur Calne of Canville spent Sunday at H. S. Sperry's. Mrs. Mina Bullock of Whitewater has been spending several days with friends here. Will Johnstown were at W. J. Cook's Sunday.

Mrs. Julia Wheeler has been confined to her bed several days and is very feeble.

Myrtle Nunn, who was sick a part of last week, is better.

Mrs. O. A. Roe and Mrs. Mina Bullock were callers at H. R. Osbornes Sunday and paid a visit to the cemetery.

Rev. Henry Coleman of Milwaukee

## A Mother To Mothers.

"I am the mother of five children," writes Mrs. S. E. Rose, of Big Otter, West Va., "and have been as high as eight days in the doctor's hands, and never less than two days with any child until the last. Then I had used two bottles of Dr. Pierce's Favorite Prescription and was only two hours in the hands of the doctor."

**Dr. Pierce's Favorite Prescription is a woman's medicine. It cures diseases of the womanly organs. It is a wonderful medicine for mothers, making the baby's advent practically painless and giving abundant strength to nurse and nourish the child.**

### Your Work.

Do you perform your daily tasks with the old time vigor and energy, or are you becoming dull, listless and indifferent? Perhaps you need a nerve tonic. Panto Tablets infuse a powerful stimulus to ambition and make you a perfect glutton for work, mental or physical. Use them and note how much younger you will look and feel. 50 cents. Book Free. Address The S. R. Felt Co., Cleveland, O. For sale by Smith's Pharmacy next to Post Office.

### STATE OF WISCONSIN—County Court for

Rock County—In Probate.  
Notice is hereby given that at a regular term of the County Court to be held in and for said county at the Court House, in the city of Janesville, in said county, on the 1st Tuesday, being the 7th day of October, 1902, at 9 o'clock a.m., the following matter will be heard and considered:

The application of Martha G. James for the appointment of an administrator of the estate of S. L. James, late of the city of Janesville in said county, deceased.

Dated September 9, 1902.

By the Court, J. W. SALE, County Judge.

wednesday

is to give an illustrated temperance lecture at the church here Tuesday evening.

G. E. Osborne received the second prize on his stock hog at the Elkhorn fair, in competition with the one that had won the first prize at the state fairs of Iowa, Minnesota and Wisconsin.

The Ladies' Aid society of Milton Junction held its meeting with Mrs. O. N. Bevens Thursday, and despite the muddy roads several members were present.

Mr. and Mrs. L. Leroy Van Horn of Lima were at Joseph Ely's Thursday.

At the Landglade county fair at Antigo, Frank Wheeler, who formerly resided here, was awarded twelve prizes on cattle, pigs and potatoes, and the second on wheat in the sheaf.

There has only been an occasional gleam of sunshine for the week past with copious showers of rain and everyone is wishing for fair weather again.

Mrs. Frank Rice has been sick in bed most of the time since her return from Marquette.

## NEW FEDERATION FOR CLUB WOMEN

FIRST DISTRICT ORGANIZATION  
IN THE STATE.

### A LUNCHEON FOR DELEGATES

Club Women of This District Meet  
Today at Home of Mrs.  
McGowan.

Representative club women of Beloit, Edgerton, Evansville, Janesville, Racine and Whitewater met at the home of Mrs. E. D. McGowan, 151 Milton avenue today and organized the first district federation of Women's clubs in the state of Wisconsin. Several other states have district federations but until today there has been no organized district in this state.

The gathering today represented the federated women's clubs of the first district and was characterized by culture, earnestness and enthusiasm. The district federation was organized with Mrs. C. A. Emerson, of Beloit as chairman for the day and Mrs. A. E. Tanberg of this city, as secretary.

The greater part of the day was devoted to the adoption of a constitution and there was the most animated discussion as to whether unfederated clubs should be admitted to the federation.

**Royally Entertained**  
At one o'clock a recess was taken and the visiting delegates were entertained at a dainty four course luncheon prettily served at small tables. The hostesses were Mrs. A. E. Tanberg, vice president for the first district, Mrs. E. O. Kimberley, local member of the general committee and Mesdames Charles Tarrant, Jas. Mills, Fred A. Capelle, W. F. Palmer, James Waddle, E. D. McGowan, A. C. Jenkins, Walter Helms, H. D. Murdoch and George G. Paris, the local delegates and alternates to the meeting. The hostesses were assisted in serving by Mrs. Frank Echlin and Mrs. R. J. Hart.

The ladies who were present at the organization of the Wisconsin first district federation were:

**Those Present**  
Beloit—City Federation: Mrs. A. N. Bort, Mrs. C. A. Emerson, Miss Northrup, Mrs. Andrews, Mrs. L. F. Bennett. Fortnightly Club: Mrs. H. L. Sherman, Mrs. Ed. Salmon. Coterie Club: Mrs. Cora E. Andrews, Miss Kitty F. Northrup. West Side Monday Club: Mrs. W. M. Britton, Mrs. L. R. Farr.

Edgerton—Monday Club: Mrs. E. C. Hopkins, Mrs. C. F. Mabbett. Culture Club: Miss Towne, Mrs. Earle, Mrs. Shelly.  
Evansville—Woman's Literary Club: Mrs. V. H. Campbell. Minnesota Club: Mrs. J. R. Sherrick.  
Janesville—Mrs. A. E. Tanberg, Mrs. E. O. Kimberley, Janesville Art League: Mrs. C. A. Tarrant, Mrs. James Mills, Mrs. Fred A. Capelle, Philanthropic: Mrs. A. C. Jenkins, Mrs. Walter Helms.  
Racine—Twentieth Century Club: Mrs. C. M. Smith.  
Whitewater—Alpha Club: Mrs. McCutcheon. Emerson Club: Mrs. A. A. Upham, Mrs. J. N. Humphrey. Whitewater City Federation: Miss Ella Hamilton.

## OIL CAUSES A SMALL BLAZE

Patent Oil Burner at the Rothermel Home Is Not a Success.

Oil as a substitute for coal gave an exhibition this morning of what it could do, charring the woodwork of the kitchen of W. I. Rothermel's home on Oakland Avenue. The flow of the oil from a tank, which was located above the stove, connected with it by a small lead pipe, became too great and overflowed, catching fire and blazing out into the room. Before serious damage had been done the fire was extinguished by the use of a garden hose. An insurance policy covering both house and furniture, had been renewed the day before yesterday.

**Smoke Is Thick**  
When the blaze from the stove leaped out into the room at about 7:30 this morning, Mr. Rothermel went to the telephone, which was located in the kitchen near the burning stove, but before he could get the East Side station, the smoke forced him to leave the room. An alarm was then sent in from box 311, on the corner of Jackson street and Oakland Avenue, which brought a response from both stations, but by the time the company had made the run, only the Babcock extinguisher was needed to put out the flames in the stove.

**New Burner**  
In the fire box of the stove, which was an ordinary kitchen cook stove, had been placed one of the new style oil burners which are being generally used in the place of wood or coal. To the burner a three-eighths inch lead pipe conducted the oil from a reservoir which was located above the stove, the pipe leading through the floor above, so that the reservoir tank was concealed from sight. When the fire was extinguished it was found that the pipe had been melted in two, but whether it gave way before the reservoir was empty, was not known.

**Little Damage**  
The extent of the damage was covered by the destruction of two windows, the charring of the floor and woodwork, and the tearing down of some plaster. Fortunately Mr. Rothermel had immediately renewed the policy, which expired on Monday, and the loss was covered by insurance.

**Chicago Chronicle:** An alleged forecast of Mr. Littlefield's anti-trust bill indicates that if it becomes a law the trusts will have matters greatly simplified for them. They will then only have to buy the courts whereas under the present circumstances they have likewise to buy congressmen and state legislators—an obviously useless and annoying expense.

## PLAIN DRUNK AND AN INCORRIGIBLE

Judge Fifield's Gist for This Morning's Session—Boy's Case Is Continued.

Wallace Hallett of Indian Ford, was brought before Judge Fifield this morning by Chief Hogan and given a chance to explain why he was drunk and disorderly on West Milwaukee street last evening. He could not give a satisfactory explanation and left \$5.20 with the Judge to settle the matter.

**An Incorrigible**  
Walter Hallett, a boy 13 years old and living on North Bluff street, was before the court charged with being incorrigible. Chief Hogan said that he had been running about the streets nights and did not sleep at home or go to school. He associated with bad boys and had been mixed up in a number of different things. His parents had no control over him and the Chief asked that he be sent to the reform school.

**Slept In Sheds**  
Hallett admitted that he did not sleep at home nights, but generally slept in some old shed. He said he did not go to school but did nothing wrong.

**Case Adjourned**  
The Judge wished to examine some witnesses before sending the boy to the reform school and adjourned the case until Thursday morning at 10 o'clock.

## BRICK PAVEMENT WILL BE LAID

East Approach to Milwaukee Street  
Bridge Will Be a Brick  
Pavement.

The New Gas Light company have East Milwaukee street between the bridge and Main street torn up putting in a new main, which will be extended across the river. The work is being done at this time so as not to interfere with the street when it is being paved with brick and to give them a larger main across the river.

**Pave The Street**  
Now that the bridge has been rebuilt the property owners from the bridge to Main street are ready to pave the street with brick and will start on the work next Monday. This will be a long needed improvement as the street is now in a dangerous condition and an accident is liable to happen at any time.

## NEW FIRE HORSE WORKS WELL

Evidently Will Develop Into a Valuable Animal When He Has Been Trained.

Much admiration was excited this morning by the showing made by the new sorrel on the east side horse cart. On the run down Main street to the scene of the fire the animal seemed surprised a little at the gait which he was forced to take, but after the first novelty had worn off he buckled down to the work in fine style. He was not let out to his limit on this first run, but it was plain that he was good for a good deal more.

## NEWS OF A PERSONAL NATURE.

Mr. and Mrs. T. B. Earle visited in the city today.

R. L. Sampson of Beloit was in the city today.
